

All About

ROCKS

Print & Play Pack

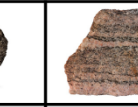

Earth's Materials

			
Solid thing found in the earth	Made of a lot of minerals	Loose upper layer of the earth which allows plants to grow	Most common thing found on Earth

Minerals

		
coal	salt	gold

Rocks

		
sedimentary	igneous	metamorphic

Water

		
Ice	Water	Vapor
Solid	Liquid	Gas

Soil

	
leaves	water

Earth's Materials?

Earth's Materials

Soil

Minerals

Water

ocean

rain

snow

puddle

lake

river

Earth's Materials

Put the pictures at the bottom. Lines to where they belong.

water

soil

rocks

Name _____

What are Earth's materials?

Describe that you would find if you looked through dirt?

How Can I Describe Rocks?

Size	Weight	Texture	Color

How Can I Classify Rocks?

Classifying

sedimentary

igneous

metamorphic

Rock Cycle

igneous

igneous

What is ...

1. Dead p...
2. Animals
3. Small R...
4. Shells

All About ROCKS

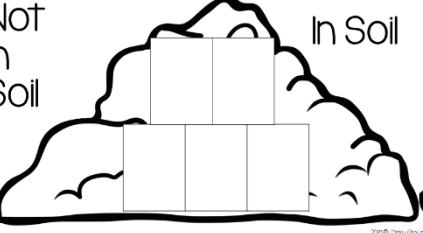

Print & Play Pack

Name _____

Directions: Cut out the pictures at the bottom. Match the pictures to the correct side.

Not in Soil

In Soil

sand bear pebbles insects leaf cube brush shell

igneous

Rocked formed from cooling of magma or lava.

Investigate

To try to find out the facts to learn something

The Rock Cycle

Classify Rocks?
