

Insects

{Print & Play Pack}

The image is a vibrant collage of various educational worksheets and activities centered around insects, designed for young children. At the top left, a worksheet asks 'What is an Insect?' with a bee and butterfly illustration, and a note '-6 legs'. Below it, a row of insect cards includes an ant, bee, butterfly, caterpillar, and firefly. To the right, a worksheet titled 'Insect' features a bee, ladybug, and caterpillar. In the center, a large title 'Where do Insects Live?' is displayed above a tree, with a worksheet below it asking 'Insect or Not an Insect?' and instructing to 'Sort and glue the pictures below.' Another central worksheet is titled 'Insects Live Here' with a smiling girl illustration. To the right, a worksheet titled 'Insect Homes' shows items like holes, terrarium, and a jar, with a note to 'Cut out the pictures below. Put the items that are insect homes by the smile face on the left and the ones that are not insect homes on the right.' Below these, a worksheet titled 'Not Insect Homes' shows similar items with a frowny face. On the left, a worksheet titled 'Why Do We Need Insects?' lists reasons: 'help plants grow fruits and seeds', 'food for', 'help the', and 'make food'. To the right, a worksheet titled 'Why Do We Need Insects?' asks 'Name _____ why Do We Need Insects?' and includes a box for drawing. A large title 'Insects' is prominently displayed at the bottom right, with the subtitle '{Print & Play Pack}' underneath. The entire collage is set against a background of colorful, stylized floral patterns.
