{Dolch ~ Second Grade}

Sight Words Printables

Test this code
at school!

The image displays a grid of 10 Dolch Second Grade sight word printables. Each page features a large, bold sight word at the top, followed by four rows of handwriting practice lines. Each row contains four boxes for 'read', 'trace', 'write', and 'color'. A QR code is located in the top right corner of each page. Below the handwriting sections, there is a list of related words and a fun fact or question.

Directions

QR Scan & Learn~ Sight Word Printables

You will need:

1. The printable for each student.
2. Smart Devices with a QR Scanner on each. (This means they will have to have a camera option.) They will have to be connected to Wi-Fi. There are lots of free scanners available.
3. I prefer to use the app/QR scanner i-nigma because it is free, easy to use, and allows for more complex QR code paths like this one. Some of the QR Scanners are good with only text codes.

How to Play

1. place the desired printable at a table.
2. Student will take their devices and printable. They will scan the QR code on each sheet. They will listen to the information and use the pictures provided to learn about each sight word. (Each station is between 5-6 minutes long.)
3. There is no order students must follow.

About the QR Codes:

1. Each QR code leads the students to a recording of me reading about the letter to them.
2. There are no YouTube or site links besides the links I recorded. I can not guarantee your school district will allow this site, as they can and will block what they see fit.
3. You will know everything I read to them because it is on the printable sheet.
4. You can check the record sheets to see how well your students comprehended each sheet.
5. To scan, your students will need to know how to open the scanner, scan the code, and go to that site.
